Teresa lived through every parents worst nightmare, the death of her son. Her foundation was shaken to the core. Though her shelves were lined with bible studies she didnt know "this" God. Overwhelmed with grief she sought answers and through that journey God revealed himself in ways she had never experienced. How do you survive when life doesnt turn out like you expect? Through her story and God's word, Teresa will teach you the way forward through the darkness to God's glorious light.

## Speaking Topics

### "Faithful And True"

I don't think it's a coincidence that the name of rider on the white horse in the book of Revelation is Faithful and True. The enemy fears the truth and He will do anything to convince us that God is not faithful and that He is a liar. In this talk I teach what the armor of God is and how to use it and give the three steps necessary to become a spiritual warrior and win the battle.

#### Benefits To The Audience

- Teaches awareness of the enemy's plans
- Equips to manage thoughts
- Teaches the power of prayer
- Tools needed to win the battle
